**Ms. Leilani S. Cunanan, CESO VI**  
**OIC- School Divisions Superintendent**  
**Division of Angeles city Pampanga**

**Dear Ms. Leilani,**

Greetings from the bay!

Manila Ocean Park started as the first marine-themed park in the Philippines and has now evolved into an integrated resort destination that houses the exciting and enticing marine life attractions. Be fascinated by the wonders of the sea in our Oceanarium. Its diversity is both educational and entertaining. Watch the Sea Lions display their intelligence and charm. Fall in love with the graceful dancing of the sea fairies called the Jellies. Be amazed with the tricks of different bird species in the All Star Bird Show. Symphony Evening Show lights up the night sky with a grand display of water, music, and laser light presentation. Preview the Humboldt Penguins in the Trails to Antarctica. Plus experience below zero degree temperature in the Snow Village. Visit the Birds of Prey Kingdom, which is home to more than 45 free-flying Brahminy Kites; and the Sharks and Rays DRY encounter, which houses different types of mysterious stingrays. One of our newest attractions is the Amazing Stories of Yexel Toy Museum features phenomenal displays of life-sized toy interpretations by Yexel Sebastian with a toy souvenir shop also located inside the park attraction.

Manila Ocean Park also implements programs and projects in support of various initiatives such as coastal clean-ups, environmental exhibits, and Ocean conversation and Climate change awareness campaign through educational talks, film showing, story-telling, and back of the house tour.

In this regard, we would like to request your good office to be our partner in Climate Change Consciousness and endorse to all Private and Public Schools in the division so we can impart relevant information to the students, teachers, and parents, as the current environmental issue today.

Thank you and we look forward to a favorable response.

Best regards,

Mary Joyce Tarroza
