Dear Ms. Cunanan:

As we are one of the schools who ensures a productive future and make every Filipino youth globally competitive by equipping them with quality education and intense training as preparation for their professional career, we firmly believe that choosing the right track or specialization can help the students succeed in their chosen career path. As we have observed from our Grade 11 students, most of them are unsure on their chosen track or specialization because they do not really know their personality, strengths and weaknesses.

In line with this, STI COLLEGE ANGELES would like to extend our helping hand to conduct Student Career Opportunity and Personality Evaluation (SCOPE) to help Grade 10 students in ANGELES CITY in choosing the right track and specialization base on their personality.

Student Career Opportunity and Personality Evaluation (SCOPE) of STI COLLEGE ANGELES is a unique computerized program that help students find the career that fits their personality. In less than 25 minutes they can finish the SCOPE. This tests can provide students with insight regarding their strengths and weaknesses. Keep in mind that these are reference points and might provide valuable insight as they take the SCOPE. This simple quiz will also measure the values, habits, and behaviors based on what students would normally say or do. There will be no right or wrong answer, so student can freely choose the answers which sounds more like who they are.

Should you have any queries about our request, please do not hesitate to call the undersigned at telephone/ cell phone number (045) 625-7667, 0916-109-3699 or email us at career.adviser@angeles.sti.edu. We would be most pleased to hear from you.

Your approval will highly be appreciated.

Sincerely,

Ms. Michelle S. De la Cruz
Career Adviser
