Re: **NUTRIKLIM SIPS CARE-A-VAN**

**Dear Dr. Garma;**

Driven by our strong commitment to support the Philippine Plan of Action for Nutrition 2011-2016, Redscope Communications along with our distinguished Technical Working Group from the health & nutrition sector, continues to expand our health & nutrition programs for the Filipino school children.

Cognizant of the health problems besetting our school children such as stunting, VAD, dental carries, low resistance to infections among others, we introduce **NUTRIKLIM SIPS CARE-A-VAN SCHOOL TOUR**.

The **NUTRIKLIM SIPS CARE-A-VAN SCHOOL CARAVAN** Campaign is a school-based health and nutrition education program for elementary school children & their immediate care-giver which was offered to 15-20 selected public elementary schools in Bulacan.

We are happy to inform you that we are considering your school as one of our partner schools to benefit from this campaign.

PROJECT COMPONENTS

1. SCHOOL CARAVAN

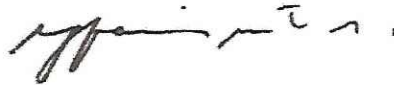

- a. Nutriklim Care-A-Van Team will visit our target schools to deliver 1 hour of fun learning experience through interactive play among our target school children. Health messages shall be incorporated in well-thought game segments.
- b. Nutri 101 for Moms: This will be conducted by our own resident RN/RND who will discuss with moms, canteen managers, teachers and other relevant stakeholders nutrition education as well as the importance of the role they play in the total well being of our school children.
- c. Frequency & Duration of Event: The aforementioned events will take 1 hour per batch. Number of batches will depend on the capacity of the school venue. Our School Coordinators will arrange for an ideal schedule with your office to select the best time to conduct the activity to maximize the learning opportunity of the campaign within the limited contact time with the school children

Thank you and we look forward to a successful campaign partnership with you.
