TIME:	

Dear Dir. Garma:

Warmest greetings!

The Philippine Nuclear Research Institute (PNRI) is a government agency under the Department of Science and Technology (DOST) mandated to undertake research and development activities in the peaceful uses of nuclear science and technology, develop regulations on its uses, and carry out the enforcement of said regulations to protect the health and safety of radiation workers and the general public. This year, PNRI will celebrate its **45th Atomic Energy Week** with the theme "**Nuclear Science and Technology for the People**" on December 4 to 7, 2017. One of the highlights of the week-long celebration is the conduct of the **3rd Philippine Nuclear Youth Summit**.

The Philippine Nuclear Youth Summit (PNYS) aims to provide a forum for the youth to have a voice in the future of nuclear science and technology through various activities such as an inspirational talk, NucleART: Digital Poster Making Contest, Youth Statement Crafting on Nuclear Power, Nuclear Amazing Race, and the Inauguration Young Generation of Filipino Nuclear Scientist (YGFNS). The summit will be on **December 5, 2017, 7:30 – 12:30 PM** at the PNRI Auditorium, Commonwealth Ave., Diliman, Quezon City.

In connection with this, we would like to request your good office to help us disseminate the information about PNYS to schools in your region in order to maximize the participation of public and private secondary schools in our country.

Please find attached the primer of the PNYS 2017 for your information and reference.

We thank you in anticipation of your favorable consideration of our requests.

Very truly yours,

ana e. conjares
