Malcolm S. Garma
OIC, Regional Director
Department of Education - Region III

Dear Mr. Garma,

Greetings!

We are the **UP Organization of Business Economics Majors (UP OBEM)**, a duly recognized socio-academic organization based in UP Diliman. Now on our 30th year, we continue to strengthen our presence as the sole business organization in the UP School of Economics, committed to promoting academic excellence and providing exposure to both the business and economics environment among our constituents and fellow members of the Junior Philippine Economics Society (JPES).

This academic year, UP OBEM will once again hold **Econ No-Mix**, an economics convention that aims to bring together 300 high school students across Luzon in order to promote economics by introducing different economic concepts in various fields through talks and competitions.

Econ No-Mix 2018, entitled "**TAKEOFF: Transportation as a Catalyst for Economic Growth**", will focus on transportation economics and its current implications on Philippine society. The talks and competitions will serve as an avenue for the participants to learn about the state of our transportation system in the country, as well as possible means for ensuring its long-term sustainability, all while being linked to basic economic concepts and applications that are evident in their everyday lives.

The event will be held from **February 10-11, 2018**, at the **UP School of Economics, UP Diliman**.

In this accord, we would like to ask your good office, the Department of Education - Region III to support this significant event as we wish for your endorsement for this activity.

Attached in this invitation are the line-up of events for Econ-No-Mix 2018. Should you have any concern or inquiries, please do not hesitate to contact us.

We look forward to a great and lasting partnership with you. Thank you very much!

Sincerely yours,

Thea Cruz

Externals Officer - Econ No-Mix 2018
