Superintendent

Jun-Jun's Story

Alay sa May mga Kapansanan, Inc. doesn't mind embarking on long journeys and help persons with disabilities (PWDs) who are far from civilization. Because the heart of our mission is to provide them assistive devices that they need such as wheelchairs, crutches, and other gifts that will ease their suffering and promote radiance in their living.

Just like Jun-Jun, 8-year old kid born with polio. He lives in the mountainous area of North Luzon in La Trinidad, Benguet. His desire was finally granted when AKAI gave him a wheelchair. Now he can play around and grow up like any other normal kids.

His smile here is priceless!

Dear Ma'am / Sir,

Today there are many organizations that aim to help and rehabilitate the marginalized sector of our society, such as poor and needy, and for sickly. These non-government organizations were established with a mission to help others.

You may ask, what makes Alay sa may Kapansanan Association, Inc. (AKAI), unique among others? AKAI believes that equality is not just a "hopeful" word, but indeed a working word. We know that people are divided by so many things, even by physical capabilities and disabilities, AKAI has high respect to the rights of the disabled, and we show this by leading them out of their limitations and providing them opportunities for a better life.

With this, we are inviting you to join our nationwide outreach program. When you donate, or allow us to raise funds at your house / office /company your donations will go to:

- Funds to buy crutches, wheelchairs, hearing aids, and medicines for the physically challenged.
- Funds to support therapies to selected beneficiaries
- Promote rehabilitation center and livelihood program
- Support future projects which, hopefully will be in the larger scale

Thank you for your faith in us that we can help alleviate this problem. We promise that your support will not go to waste but it will be a great investment on your part.

SINCERELY YOURS,
ALAY SA MAY MGA KAPANSANAN
