Subject: **15th SEAMEO INNOTECH International Conference**

Date: January 23, 2018

This is to inform all concerned that the Southeast Asian Ministers of Education Organization Regional Center for Educational Innovation and Technology (SEAMEO INNOTECH) will conduct the 15th SEAMEO INNOTECH International Conference on March 6-8, 2018 at the SEAMEO INNOTECH.

Attached is a letter from Ramon C. Bacani, Center Director, for reference and information.

LEILANI SAMSON CUNANAN, CESO VI
Officer In-charge
Office of the Schools Division Superintendent

SEAMEO INNOTECH

Southeast Asian Ministers of Education Organization

Regional Center for Educational Innovation and Technology

A better future for every learner in Southeast Asia

22 December 2017

Mr. Malcolm S. Garma
Officer-in-Charge
Regional Director
DepEd Region III
Maimpis, City of San Fernando, Pampanga

Dear Mr. Garma:

SEAMEO INNOTECH 2018 Desk Calendar and the 15th SEAMEO INNOTECH International Conference, 06 to 08 March 2018

Best wishes for 2018 from SEAMEO INNOTECH, the Southeast Asian Ministers of Education Organization Regional Center for Educational Innovation and Technology. We take pleasure in sharing with you the SEAMEO INNOTECH 2018 Desk Calendar, which highlights some basic data (statistics) on education in the Southeast Asian region.

We also take this opportunity to inform you of the 15th International Conference with the theme, "Thriving in the Margins – Inclusive Education Reimagined," which the center is organizing in collaboration with the Asia South Pacific Association for Basic and Adult Education (ASPBAE), the Department of Education (DepEd), the Commission on Higher Education (CHED) and the Technical Education and Skills Development Authority (TESDA) and other partners in the Philippines and in Southeast Asia. The Conference will be held at SEAMEO INNOTECH on 06 to 08 March 2018.

The 15th SEAMEO INNOTECH International Conference moves beyond the usual conference format by drawing from the compelling stories of the learners and education stakeholders that demonstrate the transformative power of education. These compelling stories and the collective reflection among the conference participants would weave into a coherent image of inclusive education. Framed in Open Space Technology, the Conference seeks to surface and share narratives of learners and education workers, their ideas, issues and success factors in providing opportunities for quality learning among the marginalized.

The Conference dates are marked in the Calendar. We hope that you and your institution would have the opportunity to listen and to give voice to the marginalized learners in this forum. With warm wishes for the coming year,

Very truly yours,

R. C. Bacani

RAMON C. BACANI
Center Director
