re: CHILDREN'S ART COMPETITION 2023

DR. MA IRELYN P. TAMAYO CESO V,

Since it's conception in 1999, Rotary Club Clark Centennial have undertaken many projects to benefit the children in Angeles City starting with the building of the Angeles Bahay Bata Center to house up to 60 street children in conjunction with the Angeles City DSWD. Our project last year was to encourage children to draw and paint pictures, culminating in awards being presented to the Children's Art Competition finalists.

It is now our intention to expand on the success of the Children's Art Competition by making it available to all Angeles City school children attending the National Elementary, Junior and High Schools for them to enjoy drawing and painting as an out of school activity, and with the kind assistance of DepEd to reach out to all the children we jointly can accomplish this.

Because DepEd are playing post COVID19 'catch up', the involvement of DepEd has been kept to a minimum, and together we can accomplish this joint project.

For your reference are attached are the School Mechanics and Time Line for this joint project.

Kind regards,

Romuel David
