Dear **ENGINEER DOMINGO**:

As part of our ongoing efforts to support the future employment prospects of senior high school students within Angeles City, the Social Security System (SSS) Angeles Branch aims to facilitate the issuance of Social Security (SS) numbers to all senior high school students. This initiative is in line with our commitment to ensuring that students are equipped with the necessary documentation for their future endeavors in the workforce.

To effectively carry out this endeavor, we kindly request your assistance in providing us with a comprehensive list of all senior high schools within the Angeles City area. It will be fully appreciated if the list would include the names and contact details of each school, as well as any pertinent information regarding their senior high school programs.

The information provided will greatly assist us in reaching out to these educational institutions and coordinating the necessary procedures for SS number issuance. By collaborating with your office, we aim to streamline the process and ensure that all senior high school students are equipped with their SS numbers, a mandatory requirement for their future employment.

We understand the importance of this matter and assure you that any information provided will be handled with the utmost confidentiality and used solely for the purpose stated above.

We appreciate your attention to this request and look forward to your favorable response. Should you require any further information or clarification, we can be reached through Social Security Officer III' Sigfred M.
