Schools Division Superintendent
Department of Education

Dear Sir/ Madam:

The Center for Human Research and Development Foundation (CHRDF) Inc. recognizes the vital role of technology in education as one of the critical components of 21st-century teaching and learning. To help teachers upskill and retool in PPST Domain 1, we organized the **CHRDF Inc. EduTech Conference 2024** with the theme *Digital Transformation in K12 Education: Positive Use of ICT in the Classroom*. The Walter Hogan Conference Center, Institute of Social Order, Ateneo de Manila University, Quezon City will host this event on May 1, 2024.

Conference rationale: This conference is a gathering of school leaders, educators, and other school stakeholders to discuss the important role of technology in education. The sessions aim to tackle various issues and concerns related to the effective integration of technology in classroom teaching and learning. Furthermore, the sessions will assist teachers in adapting to the currently implemented Alternative Learning Modality, or ADM, in response to class suspensions caused by natural calamities and disasters.

Conference Learning Outcomes:

1. Identify, describe, and apply emerging technologies in teaching and learning environments;
2. Plan, design, and assess effective learning environments and experiences;
3. Implement curriculum methods and strategies that use technology to maximize student learning; and
4. Facilitate instruction in the new literacies that emerge within digital / interactive learning environments.

This training is intended for beginning teachers. Please use this link for registration **https://bit.ly/CHRDF_EduTech**.
